

# Jamaica Plain/West Roxbury

Jamaica Plain and West Roxbury are two distinct neighborhoods in the heart of Boston, each offering its own unique charm and sense of community.

Jamaica Plain, known to locals as "JP," is a culturally diverse haven with a bohemian tone and inclusive vibe. Many artists and creatives, as well as social activists, call JP home. The main commercial district, Centre Street, boasts an array of independent shops, art galleries, thrift stores and local eateries which bustle year-round. With Jamaica Pond and the Arnold Arboretum bordering Jamaica Plain, it's easy to see why the community is beloved by its residents.

Nestled just southwest of JP is West Roxbury, a family-friendly neighborhood known for its tree-lined streets. West Rox, as it is affectionately called, offers an eclectic mix of dining options and specialty shops along Centre Street. It's a peaceful yet connected community, just a short commute into downtown Boston. Whether exploring the scenic trails of Allendale Woods or Millennium Park or enjoying a meal at one of the many local restaurants, West Roxbury presents a perfect balance of convenience and comfort.

With suburban space close to major metropolitan areas at a premium, JP and West Rox, each with their distinctive personalities, remain two of the City of Boston's most desired neighborhoods.
